

The society...

Established over 30 years ago, we are a small, friendly and successful club. We are a little over half way through our season, but would still love to be saying hello to new members - whatever your level of experience of photography, you will be more than welcome.

There will be opportunities to discuss and learn techniques as well as see some great presentations/slideshows from our visiting speakers and our members. We also run club competitions so you get independent feedback on your photography. It's the club members that make the club work—everyone has something to give and we can still all learn.

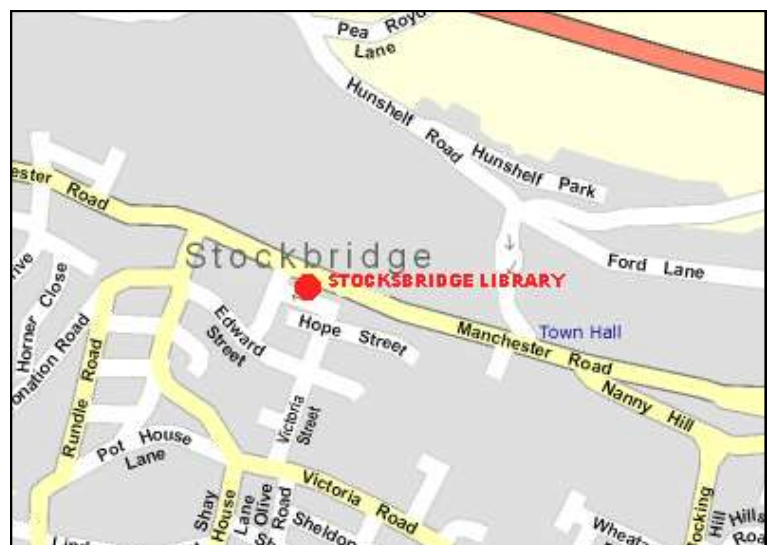

The group meets at [Stocksbridge Library](#) every Monday from September to May.

Please come and see us and if you like it, then feel free to join the group!
